## Vandals Break 34 Windows In 7 Orinda School Buses

Seven buses of the Orinda School District went back into operation Wednesday after being out of service Tuesday. All night emergency repairs were carried on to replace 34 shattered windows and windshields caused by vandals over the weekend.

Shatterproof glass estimated at \$680 was broken by vandals some time Sunday night or Monday. The damage was reported to Sheriff's deputies Monday at 2:30 p.m.

The wholesale vandalism also disrupted transportation for students at Miramonte High School.

SEVERAL GLASS companies had workers on the job around the clock to replace the damaged surfaces. District Supervisor Joseph L. Sheaff had taken the buses out of commission because the buses were unsafe to operate from both the standpoint of possible injury to students and the inability of the drivers to see through the windshields of cracked glass.

Sheaff praised Mother's Club members for notifying all parents of the various schools Monday night that bus service would be inoperative on Tuesday. Three bus runs were made on the Diablo View, Charles Hill Road and Crest View Drive routes.

VIRTUALLY hundreds of children were brought to school by the carload system Tuesday morning. No abnormal absence rate was reported by the School District Office.

Deputy John Coulson is conducting an investigation into the matter. Reports of vandalism committed upon school buses have been made in the past. The Orinda School has been subjected to petty vandalism also.

Sheaff stated that a watchman would be assigned to the bus parking area in the future. Sheriff's deputies will double patrols.

## 'Blood and Hypo' At Crossroads?

"A puddle of blood and a hypodermic needle, this is a case for the police," the two women gasped as they waited for a bus at the new Orinda bus shelter last week.

After arriving in Oakland, one of the women called the Oakland police department who in turn called the Contra Costa County sheriff's office, which in turn called the Walnut Creek Substation.

Walnut Creek dispatched Deputy John Coulson to the scene of the "deed without a name" (Macbeth).

Big John called together all his 16 sleuthing senses and came up with the answer. The blood was analyzed as finger-nail polish, the hypo was the top of the fingernail polish bottle.

Only thing wrong with the case, Coulson sighed, we didn't get the flagrant delicto.

## Need for Long-Range Plans Cited

### New Subdivision Gets Approval

A proposed subdivision of 17 lots—Tract 2400—southerly of Manzanita Drive and westerly of the westerly end of Vista Del Mar was approved by the County Planning Commission Tuesday night.

The new subdivision will be in a Residential-Agricultural zone (half-acre minimum lot-size). Average lot size in the new subdivision would be approximately 21,600 square feet. Exception was asked for minimum size of 20,890 square feet for each of five lots—Lots 2, 9, 10, 12 and 17—with less than 100 feet average width.

### E. I. de Laveaga Gives Support To Fact Finders

E. I. de Laveaga, pioneer Orinda resident, this week endorsed the Fact Finders in their campaign for commercial zoning in Orinda's non-residential areas.

De Laveaga, 71, lives at 56 Camino del Diablo. In 1922 he started the Orinda Country Club and sold Orinda lots for \$500 each, including club membership. He made plans for the community, including provision for commercial activity along the San Pablo Dam Road, as well as in certain other areas away from actual homesites.

### Pine Grove Poll By Association Still Under Way

In progress this week was the community-wide poll of Orinda residents by the Orinda Association on whether or not they want Pine Grove rezoned from residential-agricultural to administrative office use.

County Planning Commission hearing on PIE's rezoning application is scheduled for February 28, 8 p.m., in Martinez.

Some 300 volunteers have been canvassing Orinda homes since last Saturday. The poll-taking is scheduled to be completed this weekend. After that, according to Mrs. Ritchie Ward, association secretary, the job of tabulating results will get under way.

### Two Resolutions Adopted By Association Directors

"Formulation of a positive long-range program of action toward future planning for Orinda" was approved as a policy of the Orinda Association by the association's Board of Directors Monday night.

Meeting at the new library room at Orinda School, in the basement of the building,

the directors unanimously adopted two resolutions offered by James Hupp, chairman of the organization's Planning Committee.

In adopting the resolutions, the board approved an introductory statement, "Concern for Tomorrow," read by Hupp.

IN THIS statement, Hupp declared:

"Planning is essentially concern for tomorrow. It requires vision into the future, it means forecasting needs and doing something now to insure that those needs will be more adequately fulfilled then."

One of the resolutions, aimed against defacing of natural terrain, urges the county to require proposed contour alterations to be submitted with plot plans.

THE OTHER resolution, aimed at preventing spread of small-lot-size subdivisions, asks that all agriculturally zoned land in the Orinda School District be rezoned to Residential-Agricultural or to Suburban.

Under Agricultural zoning there is no specified minimum lot-size. Under Residential-Agricultural zoning, the minimum lot size is half-acre; under Suburban zoning, the minimum lot-size is one acre.

The board meeting was conducted by President Mel Arighi. Most of the discussion at the meeting concerned these two resolutions and the policy of long-range planning.

Vice-President Gene Estes had worked with Hupp and the Planning Committee on preparation of

the two resolutions.

DURING THE DISCUSSION, directors pointed out that local improvement groups should be aware of developments in their own neighborhoods, so as to coordinate efforts with the Orinda Association more effectively.

The resolution on contours refers to "haphazard and promiscuous alteration of contours by some individual property owners and developers within the Orinda School District."

It urges that the Board of Supervisors "enact an ordinance immediately to provide adequate controls and restrictions on altering contours with plot plans and that they be approved by the County Planning Commission."

THE RESOLUTION on zoning states that the Orinda School District is considering purchase of school sites in the southern and northern parts of the district, in agriculturally zoned areas, and that "residential development is either already underway or is imminent in the aforesaid zones."

Other actions at the board meeting included:

1. Statement by Chairman Paul Polaczek of the incorporation committee that he will make a monthly progress report, starting with the March 12 meeting.

### John Davis Tells Rotary of County Probation Office

John Davis, county probation officer, spoke of the work of his department at the regular meeting of the Orinda Rotary Wednesday noon at the Willows.

He pointed out that the department is divided into three categories, one takes care of juvenile cases, the second through court action insures that deserting husbands pay for support of wife and children, the third issues licenses to operators of foster homes in which children are placed for rehabilitation.

There are 1900 children that are under care of the court, 1300 of whom can be described as delinquent, 600 are neglected children," said Davis.

Floyd Blaney, president of the Wheels Club, the Junior Rotary, made a personal invitation to all members of the Rotary to be the guests of the Orinda Rotary Club, Wednesday at Miramonte High School for a joint luncheon meeting.

## 3000 Scouts, Friends Throng Meridian District Show

By MILDRED LLOYD

Revealing the tremendous growth in Boy Scouting that has come to Central Contra Costa County in the past few years, more than 3000 scouts and their friends and parents crowded to capacity the facilities of the Acalanes High School last Saturday for the Meridian District Boy Scout Exposition.

Sixty-one booths, each displaying the work of a Cub Pack or a Scout Troop filled the High School Boys Gym, Girls Gym, and cafeteria. Each booth featured the individuality of its own sponsor. The visitors who came to view the boys' handiwork, could scarcely move through the buildings. Space in front of some booths were constantly three and four persons deep.

DEMONSTRATIONS were held by the boys in each exhibit area. The Meridian District Exposition was opened by a color ceremony under the direction of Troop 221 of Pleasant Hill, Glenn Gleason, Scout Commissioner for this district; H. R. Robinson, activities chairman for the Meridian district, and the commissioner staff were in charge of arrangements and judging for the show.

Presentation of special ribbons for scouting displays in the windows of local stores was made by Gleason at the opening of the exhibition. Groups receiving the awards which are donated by B'nai B'rith included:

Packs 53, 200, 203, 219, 220, 206, 209, 217, 222, 228, 230, 234 and

Troops 224, 220, 205 and 206 and Ship 203.

The Cub Packs all displayed unusually well-selected assortments of handiwork as well as work projects which were functioning throughout the six hours of exhibition. The various dens, under supervision of their den mothers, took turns working in the booths.

Pack 207 of Orinda, sponsored by the Glorietta Improvement Association, showed relief maps of their home area, while Pack 225 of the same town, stamped out their initials from potato prints which they carved.

Another Orinda group, Pack 52, sponsored by Moraga Del Rey Association, painted book-ends with designs of the Wolf, Bear and Lion.

Pack 53, representing Alamo and sponsored by the Dads' Club there, was eagerly pressing the word of "Conservation" into the hands of visitors, while Canyon Pack 57 was busily engaged in pasting together a hobby book.

Canyon Community Club sponsors this group.

Two Lafayette packs, Numbers 38 and 78, were represented. Pack 38 carried out the "Pirate" theme that was part of the Cub program during the past month. The Dads' Division of the Lafayette PTA sponsors this group.

Pack 78 members, sponsored by Happy Valley Improvement Association, were constructing bird houses during the show.

BASKET-WEAVING was being

demonstrated by Pack 219 of Sun Valley and Pack 200, sponsored by the Montecito PTA, constructed redwood planters nearby. Three other Lafayette groups, Pack 220, Pack 237 and Pack 238 were putting on demonstrations of shoe shine kit construction, leather work and decoration on vases, respectively.

These packs are sponsored by Lafayette School PTA Dads' Division, Burton Homes Association and Glenside Improvement Association.

Walnut Heights PTA sponsors Pack 239. Members of this group were busily making toy animals from spoons and pipe cleaners.

Packs 202 and 203, sponsored by Gregory Gardens Improvement Association and Gregory Garden Parents Club, were doing wood decoration in different ways, but with equally good results.

Conservation, explained by moving pictures, was featured by Scout Troop 205, Pleasant Hill Baptist Church, while another Pleasant Hill group, Troop 209, displayed weather maps, charts and storm warnings.

SPONSORS of this group are members of the Walnut Creek Methodist Men's Club.

Troop 214, sponsored by Walnut Creek Elks, had a display model of the various things that scouts must be able to construct in the great out-of-doors for pioneering.

Souvenirs of knots tied by the boys were given away to the visitors by scouts in the Troop 230 booth. This group is sponsored by

Christ the King Church in Pleasant Hill. Lafayette Troop 235 had a safety merit badge display in which they featured safety in the home.

They are under the sponsorship of the Lafayette Knights of Columbus. Explorer Post 300, sponsored by the Orinda Rotary Club, demonstrated their choice of canoeing merit badge with explanations of a canoe trip, illustrated with motion pictures.

TWO OTHER Lafayette troops, 219 and 233, held their Wild Life Management demonstrations in the Girls' Gym. This merit badge was explained by Troop 219 who also had examples of poor and good soil management. The special feature of Troop 233, sponsored by the Happy Valley Improvement Association, was a demonstration of cone nests to aid bird life.

In the main gymnasium, Cub Pack 234, Walden Dads' Club, was working on Valentine motifs, while Pack 206, Walnut Creek Exchange Club, was doing Indian bead work.

Nearby, Oak Park PTA's Pack 209 was painting and decorating cookie jars, and Pack 217 of Gregory Gardens worked on a variety of craftwork. Pack 243 which is sponsored by Walnut Creek Junior Chamber of Commerce was studying charts of the heavens, and Pack 229 of Oak Park was doing copper work.

ANOTHER GROUP sponsored by the Pleasant Hill Elementary PTA, Pack 45, was working on painting plaques of Cub Scout design.

An unusual Cub display was arranged by Pack 43 of Walnut Creek, sponsored by the Elks Club. A huge teepee had been set up and the handicraft was on display inside.

Cubs working on projects sat in the entrance. Many pieces of "Indian-inspired" handicraft were in view.

Walnut Creek Pack 6 was working on a variety of handicraft. They are sponsored by the Rotary Club. Pack 79 of Sun Valley was concentrating on knot-tying.

PACK 59 members, under the sponsorship of the Women's Club of Walnut Creek, were making baskets from crepe paper.

Among the Boy Scout troops in this building were Troop 227 of Walnut Creek, sponsored by the

Native Sons, who featured Pioneering. A model showing the specialties of that merit badge was on display.

A photography exhibit, showing the processes of developing and printing pictures, was manned by the scouts of Troop 220 of Walnut Creek Presbyterian Church.

An emergency service was on hand under the direction of Post 306, sponsored by the Danville Rod and Gun Club.

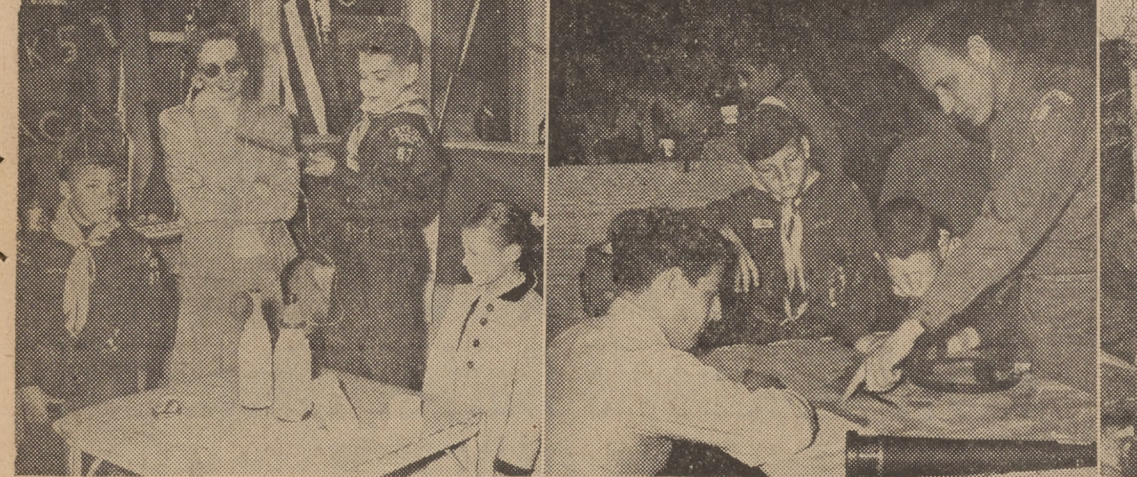

PERSONAL Fitness was the merit badge shown by Troop 202 from the St. Paul's Episcopal Church of Walnut Creek, and a working demonstration of First Aid was presented by Troop 211 of the Church of Latter Day Saints.

Aromas of a tasty stew drew visitors to the cooking demonstration presented by Troop 226 of the Walnut Creek Presbyterian Church. They also had a display of homemade cooking utensils.

## Washington, Lincoln Work Now at Pine Grove School

From February 15 until February 24 the Pine Grove School Library is housing a most interesting, valuable, and timely collection of rare books and manuscripts bearing the signature of either Washington or Lincoln, according to J. L. Sheaff, superintendent of the Orinda School District.

Some of these famous documents are unique; others are one of several existing copies; all are intimately connected with the lives and times of the two great Presidents of the United States. Such a collection cannot be seen anywhere in the West at this time, he continued.

The most valuable manuscript in the collection is the copy of the Valley Forge Address, February 18, 1778, in Gouverneur Morris' handwriting and signed by Washington. Only a few of the original copies have survived.

THE SECOND most valuable item is a short note signed by Lincoln and Seward, summoning Lincoln's cabinet to the meeting at which the first draft of the Emancipation Proclamation was read.

Other priceless manuscripts include two autograph manuscript surveys of Washington, written when he was eighteen years old; Washington's Original Manuscript Orderly Book from the Continental Army Headquarters during the summer of 1776. A copy of the Emancipation Proclamation, published January

1, 1863, and autographed by Lincoln, Seward and Nicolay, Lincoln's secretary; and a first edition of the renowned political debate between Lincoln and Douglas in 1860, outstanding because of the autograph presentation in Lincoln's hand to his friend, F. B. Hoppin, who later was a member of Lincoln's Funeral Committee.

Altogether, there are eighteen items in the exhibit, nine pertaining to each president. A public showing of the documents will take place Monday evening from 7:30 until 9.

The documents are the personal property of Mr. and Mrs. Perce S. Brown of Orinda.

## Pine Grove Poll By Association Still Under Way

(Continued from Page One)

While the assessed valuation per pupil has been going down in Orinda, it has been increasing in the county as a whole and in the Walnut Creek School District. "As to possibility of a 50 per cent tax increase in Orinda in the near future—such a possibility exists because of the 35 per cent increase in assessed valuation ordered by the State Board of Equalization."

AT LAST MONDAY NIGHT'S meeting of the Orinda Association board at Orinda School, PIE Executive Vice-President C. E. Johnson's letter asking the association to join with PIE in conducting a secret ballot through-out Orinda on the Pine Grove rezoning controversy, and Association President Mel Arighi's reply of rejection were read.

In his reply, Arighi restressed the "three basic aims" of the poll:

"1. That the procedure in the conduct of the poll be fair.

"2. That the coverage of Orinda be as complete as possible.

"3. That the result be not ambiguous."

opinion without occasioning hard feeling between neighbors.

"I COMMEND the Fact Finders for bringing the true situation to the attention of the public. And I feel that a sound program of properly-regulated commercial activity eventually will be accepted, even welcomed, as the only solution to what otherwise obviously will become unbearable tax increases."

"With churches, schools and EBMUD property already off the tax rolls, how are we to raise sufficient funds otherwise to take care of all our growing needs?" he asked. "Proper zoning is the only sensible solution and will not detract in the least from our beautiful home areas."

In fact, I am convinced the Contra Costa County Planning Commission will concur with these views at the hearing in Martinez on February 28."

The Fact Finders chairman, Leo J. Alexander, stated that another executive committee meeting of the organization will be held in the near future to discuss plans for appearing before the Planning Commission.

It is encouraging to note," said Alexander, "the continually increasing number of Orinda homeowners who have contacted our secretary at P.O. Box 177 with offers of support for the Fact Finders and the Pacific Intermountain Express Company's bid for a permit to build a beautiful administration office building at Pine Grove."

## New Barber Shop Opened at Rheem

The latest addition in shops in the newly developed Rheem Center is the barber shop of Floyd Mooney. Mooney opened for business yesterday.

Mooney has been in the barber business for the past 37 years. "My shop is just as modern as they come," Mooney stated. "We've got plush leather chairs and my three chair shop really caters to the best children's haircuts," he continued.

Mooney has two daughters, is a member of the Orinda Lions Club, Orinda Masonic Lodge and a member of the Orinda Chamber of Commerce.

"Why not bring the kids in while you're shopping and get the very best haircut for your child that can be had?" he concluded.

Mooney operated the Orinda Barber Shop for the past four years.

The automobile industry consumes about 85 per cent of all upholstery leather produced in the United States.

## Suburbia Scribblings

By MARIE MONAHAN

### New kids and canines in neighborhood

SIGNS OF SPRING, SUBURBIA... Brand new strollers, on their first run in the sun, wheeled by mothers glad to be out and about again... The "Do It Yourselfers" contemplating a new neighborhood project, a badminton court, perhaps? New "green" gardeners, who since moving to the country have discovered the diff between a pansy and petunia, filling themselves full of every bit of Garden Lit, but not before a few expensive mistakes and untold trips to the nursery.

The dimstore display of new printses and chintzes beckoning the ladies, who, while fingering the fabrics, mentally sew themselves into a new spring frock... The sudden flood of fashion shows... the overnite appearance of summer and patio furniture, out from hibernation, and the suddenness of trees coming into bloom!

THE SUN-LOVING SOULS who sat around Suburbia last Sunday in "down to there" essentials, soaking up the sudden wonderful warmth of an almost-forgotten sun... The sudden shrill shrieking of mobs of children at play, while tough on the nervous system, a welcome sound after so long a silence... New kids and new dogs suddenly appearing on the horizon... Why, Didn't you know? They moved in down the street during the Dec. drenchings!

### The behaved and the beautiful

SPEAKING OF SPRING and fashion shows, hearts literally melted at the Claremont Hotel last Sat. afternoon... Nor did the spring sunshine cause it!

For the Children's Hosp. Children's Style Show, w/clothes by I. Magnin, a beguiling bevy of beautiful and well-behaved youngsters mounted the moss-green dais lined w/potted red tulips and shiny red hearts, to parade prettily for an audience of proud mothers, doting grandmothers, a sparse sprinkling of young men and proud fathers, and for LOTS of very young ladies in their best patent pumps, maryjanies, pinafores, and party frocks!

WHILE GORDON HECHER'S ORCH. played "Pretty Baby," Caroline Hecathorn ducked out from her aisle seat where she sat w/ Chrissy, Milo Anne, and their friends, Valerie Renwick and Christine Block, to check her littles, Debbie, who debuted on the dais in a shakskin checked coat and launched her career as a much-in-demand model!

Among the Mother-Daughter Duos, Mrs. Beau Guinther w/Nancy and Mrs. Lloyd Rasmussen w/Roni in a foursome, front-row seats... Both wearing beige and brown ensembles. Mrs. William Witter and Mrs. Don Carter who came together... A rhinestone buckle on the trimly-tucked white hat of Mrs. William Seifert, whose Billy modeled short red pants w/a white and red Stanford block-'S' sweat-er... (Cal's colors would have clashed w/this Valentine theme!)

Barbara McCaffery's dgthr, Jill, pretty as a strawberry parfait, promenaded in a pink braided dress, white gloves, pink carnation in hand... Denise Meyer and Nancy Van Dyne another twosome... Mrs. George Merriam under a smart black velvet mushroom hat!

### French fried hemlines almost

DOWN FRONT in a citron wool dress w/a brown satin skimmer, Mrs. James Seaman, justly proud of Jane, who modeled, mid-show, a classic navy suit, and modeled again, as a "Grand Finale" to all the preceding fashions, the most exquisitely-designed and expensive dress of all, an imported bouffant white organdy, w/yellow joulis appliqued and embroidered thereon, tied w/a wide sunny yellow satin sash, and ending in a delicately-scalloped hemline!

Also spotted in the crowd, Mrs. Edward Baker of Sleepy Hollow, Mrs. William Jaekle, and Barbara Ferrone. And since these notes were hastily scribbled on a Cape Cod House children's menu confiscated from Lois Pixley, (there w/Pam), we are fortunate that our translation didn't come out reading "French Fried" hemlines as per Scallops on the menu! (Paper, like pens and matches, we use a lot of, but are things we always seem to have NOT-ef!)

OLYMPICS NOTE & CHEERS for local representation! Orindians who are more at ease on their icecakes than most of us are on our own two feet, are perhaps, at this very moment, vying for World Championship in the "Gold Dance" at the Olympics in Italy!

### Already U.S. and No. Amer. champs

The Bodels, Edward and Carmel, of La Encinita, flew to Europe Feb. 2 and will cover a lot of ground, ice and air, before returning home in two wks... Following competing for the World's Championship, (in which they are required to do a compulsory four dances on ice, out of a possible 16 varieties, and a 3-min. interpretation of their own musical choice) they will tour briefly Switzerland, Paris, and Germany.

The Bodels already hold the No. American and U.S. Championship titles, so we're pulling for them!!

SNOW FUN! For Fred and Estelle Johnson and their children on a recent Sierra ski-trip! For the Mills families and guests, w/toddlers and teenagers along, who enjoyed a wonderful stay at the Mills Ski Lodge at the Sugar Bowl... A miniature "Ahwahnee," the lodge formerly belonged to the Zellerbach paper people who gifted it to Mills College.

In the congenial group, the Verner Ramsings whose son Eric did the ski-tro alone and whose younger son Mark joined the Stuart Henderson's Julie at ski lessons... Richard and Ann Copenhagen and the John Gaillards of Hidden Valley among those on the Mills spills-spre.

'S NO FUN... for Mrs. Tullie Martilla who can't wait to get back to the snow altho she's currently weighted down w/a cast... Fractured her leg at Edelweiss while skiing and was hauled from the slopes in the "Meat Basket," the apparatus used for emergency measures! For Marie Rose, popular Miramonte sewing teacher, who is home from the hospital wearing a cast on her neck having suffered strained ligaments in a recent auto-bounce in Oakland!

OVER IN MEADOWLANDS, Henry and Jan Soubielle entertained last wknd. for the Stewart Popes of Seattle who guested there overnight before a Lurline-sailing next morning... Mary High-tower honored Rena Messersmith w/a combo Baby Shower & B-day party, Feb. 1, and all the guests were surprised when the honored guest brought gifts for all who came to honor her—Helen Kilpatrick, Maureen Hudachek, Betty Richard, Nancy Pressnall, Ann Strickland, Pat Edwards, Margaret Schmidt, Sharon Olsen, Jackie Lee, Ann Swansen, and Mary's mother, Mrs. Dowling.

THE QUEEN OF HEARTS, in a red Valentine dress, held Court last Saturday to celebrate her sixth b'day... Kathy Farrar, daughter of the Mitchell Farrars, greeted Sally Dutcher, Meredith Ann Brody, Nancy Reed, Peggy Hart, Jan Williams, Ann Griesche, Doreen Gjerde, Shelley Rieger and Caroline Johnson when they arrived for the afternoon Valentine party.

## Need Stressed For Long-Range Plans for Orinda

(Continued from Page One)

2. READING of a letter from Deputy District Attorney Matthew Walker that the County Planning Commission hearing on Pacific Intermountain Express Company's rezoning application for its 10½-acre Pine Grove parcel is definitely scheduled for 8 p.m. February 28.

3. Decision that, pending revision of the association constitution and by-laws, the immediate past president, as a director-at-large, will be allowed to vote on the board. (In the past there has been confusion on this point.)

4. Decision that the association will send at least two, and possibly four, people to the nine-week course on "Planning for Community Improvement" to be given at Acalanes Adult Center, starting in April. This course is similar to the one currently under way at the Acalanes Adult Center.

5. REPORT BY Frederic Sawyer that he had conferred with the Planning Committee and the recreation district committee headed by Don DeWitt, and that the conferees had agreed that either a community services district or a park, recreation and parkways district should be established here prior to the time when Orinda might be incorporated.

Sawyer added that the group is making a complete study, with the aim of action starting in the next few months. He explained that a suitable district should be established by February, 1957, so as to get on the 1957-58 tax rolls.

7. Report by Pollaczek that he had conferred with Charles Nelson of Orinda, a director of the Diablo Highway Improvement Federation, regarding possible action toward reducing auto speeds in residential sections of Orinda, and that Nelson had suggested a meeting of representatives of the Orinda Association, the Highway Federation and the sheriff's office.

An attempt will be made to arrange such a meeting Pollaczek said.

## Orinda to Hold Little League Meet Thursday

An Orinda Little League meeting will be held at Orinda School auditorium Thursday at 8 p.m.

Anyone may attend, but the meeting is primarily for parents of boys between the ages of 8 and 12 who are interested in playing on an organized Little League team this summer.

However, Don Texdahl, temporary chairman, points out that only boys from Orinda and Moraga will be eligible to play in the Orinda Little League.

"We hope to answer all questions pertaining to the formation of Little League and its operation here in Orinda," Texdahl says. Richard Clegg of Stanford University's Physical Education Department and Little League's Northern California representative, will be on hand to answer questions and will show a movie on Little League's place in the community.

"For the past several months a group of Orinda fathers has worked to get youth baseball started here in Orinda," Texdahl says.

"Now they are calling on you for your support — they are Dr. Edward Baker, Kreite Baldwin, Bob Bolles, Bob Creighton, Sal DeGardis, Nels Hamberg, Dr. William Hanford, Dick Kendall, Mel Nickerson, Milo Spaich, Dr. Charles Schuler, Bob Thaman, Del Thompson, Quentin Thompson and myself. A great deal of groundwork was done by Ken Hildebrandt, former chairman, before being transferred to Denver."

## Seaver Ballard Quits as Trustee

Seaver A. Ballard has resigned from the Orinda School Board, it was announced by B. O. Wilson, county school superintendent. To replace Ballard, Nathan G. Gray, attorney of 5 Spring Court, was appointed.

Wilson stated that the cause of Ballard's resignation was "the press of business."

Ballard's term would have expired in 1957. Four other appointments were made in Contra Costa County school boards by the county board at the February 9 session.

The first Model A Ford had a two-cylinder engine and sold for \$850.

## Letters to The Editor

Dear Editor:

I want to correct alleged quotations attributed to me in the Fact Finders' advertisement in last week's Sun.

I was quoted as having said that the policy of the Orinda News was to publish the views of the officials of the Orinda Association only.

That is untrue. What I did say when I was quizzed by a member of the Fact Finder group, was that the policy of the Orinda News was to support the activities of the Orinda Association. The manner in which we carry out that policy was set forth clearly in our issue of last October. We will explain it again in our next issue.

Of course we report both sides of controversial issues. How else will our readers know what we are talking about?

In fact, a large part of one of our recent issues was devoted to presenting propaganda of PIE and groups supporting the effort to rezone the Pine Grove.

The Fact Finder asked me if I would guarantee to print some material he wished to send in. I said that I could not guarantee that until I had seen the material, and told him to send it to us.

To date, nothing has been offered to us for publication.

The so-called Fact Finders had a great deal of space in The Sun. Why did they not take advantage of the opportunity to bring forth their facts, if they have any, instead of making bitter attacks on individuals and expressing unsupported opinions?

## Vandals Break 34 Windows in 7 School Buses

(Continued from Page One)

COULSON STATED that the vandalism may have been done by a good size person or persons probably the work of teen-agers. The windows appeared to have been beaten in with a piece of pipe, about three quarter inch in diameter, he stated.

Another case of vandalism was reported Wednesday. Approximately 1000 gallons of diesel fuel from a paving contractor's storage tank in the Warford Mesa Subdivision project, sometime during the holiday weekend, was dumped.

## Realtors Hear State President

The large influx of new residents into Northern California and Contra Costa County, and an ever increasing birth rate insure record-breaking levels of activity for realtors in the coming years, John Cotton, 1956 president of the California Real Estate Association told a packed breakfast session at the El Nido Monday morning.

Listeners were real estate brokers and salesmen of the central county area, who were advised that this year may set new records, and that there is no limit to the demand for homes and land in California.

"THERE ARE some 40,000 people coming into the state every month," said Cotton. "And add to that the higher birth rate and a tendency for divorcing couples to want their separate homes, rather than returning to parents."

"There is an increasing political move to favor public housing, but we have been the watchdogs for private property rights in

Sacramento. There will continue to be a problem there, but we have, I believe, the tools to halt this threat by enforcing building codes and through the Urban Renewal laws.

Cotton was introduced to realtors and newsmen by Barney Gilbert, president of the Contra Costa Real Estate Board.

HE WAS accompanied by H. J. Pontious, secretary of the state association, and Maurice Reed, regional vice-president of the National Association of Real Estate Boards.

Cotton also emphasized the need for continued education for realtors, for specialized knowledge, and also a broader understanding of real estate problems.

He is president and general manager of O. W. Cotton Company, Realtors.

Latest to join the merchandising and advertising agency of Capel, Pera and Reid Inc. in Orinda is Kenneth G. Kerr, formerly advertising manager of the floor covering division of Pabco Products Inc. in San Francisco.

In announcing appointment of Kerr with the agency's merchandising coordination group, Warren Pera, executive vice president, declared:

"We feel fortunate in having a man of Mr. Kerr's caliber and varied experience adding his talents to our firm. C.P. & R. offers Mr. Kerr wide scope for his services."

Kerr is 32, married, with a 5-year-old daughter and a 7-month-old son, living in Walnut Creek. After attending Wayne University in Detroit Kerr worked in the engineering department of General Motors Corp. and then served 3 years with the U.S. Navy, mostly on an aircraft carrier in the Pacific.

## Plans Mapped By Young GOP

The monthly board meeting of the Contra Costa County Young Republicans was held February 7 at the Orinda home of director Jim Moriarty.

The Moriarty, President and Mrs. Hal Bates of Concord and Superintendent Dean Newman of El Sobrante were chosen as delegates to attend the State Young Republicans Convention in Palo Alto last weekend.

The board worked on the aim of the group for this year, which is to have at least one active Young Republican in every precinct in the county.

Plans were formulated for a big countywide affair to be held this summer. It is to be a combination barbecue-dinner and swimming party.

"Tubby" Snodgrass presented plans for the \$100 a plate Republican dinner to be held in Richmond February 29.

## Christian Youth Council to Be Formed in Area

Sunday, young people and adults will meet at the Walnut Creek Methodist Church, 1543 Sunnyvale Avenue, to discuss the formation of a Christian Youth Council. The discussion will begin at 2 p.m. with a film strip, "Big Enough to Tackle."

The Rev. C. Corwin Calavan, rector of St. John's Episcopal Church, Oakland, will present the idea of cooperation through a Christian Youth Council.

FOLLOWING the showing of the film and the explanation of what such a council could accomplish, the delegates will divide into smaller groups for group discussion of the problem.

Two Youth Delegates will represent their groups at this meeting. They will come from churches in Orinda, Lafayette, Walnut Creek, Danville, Pleasant Hill and Concord.

Student chairman is Douglas Krotz of the Orinda Community Church. He will be assisted in the recreational part of the program by Mike Laurencen of the same church.

FOLLOWING DISCUSSION in small groups the entire delegate body will meet for a vote on whether to form such a council. After the question has been favorably accepted the Rev. Irwin Askins, Executive Director of the Central Contra Costa Council of Churches will give the charge to the delegate body. Each church youth group will have two young people as delegates.

The formation of this Christian Youth Council is being sponsored by the Central Contra Costa Council of Churches.

## Acalanes Bonds, \$400,000, Sold To SF Company

Acalanes High School District bonds in the amount of \$400,000 were sold Tuesday to Blyth and Company of San Francisco at an interest rate of 2.687 per cent.

Bids were opened at a meeting of the County Board of Supervisors.

IN A MEETING of district board members Monday night, Superintendent Neil Parsons was authorized to plan several building projects, involving an expenditure of about \$1 million.

This will be for the completion of Acalanes and Las Lomas High Schools, and to "take care of 1956 and 1957 enrollments, and build additional classrooms and facilities at Miramonte to accommodate an enrollment of 650 by that date."

Building at Acalanes will include an additional gymnasium, showers for both boys and girls and additional locker room space for girls, four classrooms, maintenance shop and work on the athletic field.

AT LAS LOMAS, in addition to the classroom wing and enlargement of the gymnasium previously authorized, plans will be developed to provide additional cafeteria facilities, a music building, two classrooms, additions to the library and school offices, provision for football field bleachers, fencing the athletic field, and other ground improvements.

Plans will be made at Miramonte for eight additional classrooms, a multi-use building to include cafeteria and little theater, completing the stage in the gymnasium, tennis courts, bus service area, paved parking space,urfing physical education and baseball fields, and the addition of bleachers.

How greater intelligence and wisdom can be gained through scientific understanding of God, divine Mind, will be brought out at services Sunday, at Churches of Christ, Scientist, 22 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek.

The Lesson-Sermon entitled "Mind" will include the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (128:4-11): "The term Science, properly understood, refers only to the laws of God and to His government of the universe, inclusive of man. From this it follows that business men and cultured scholars have found that Christian Science enhances their endurance and mental powers, enlarges their perception of character, gives them acuteness and comprehensiveness and an ability to exceed their ordinary capacity."

Also emphasizing the divine source of wisdom is the Golden Text from the King James Version of the Bible (Proverbs 2:6): "The Lord giveth wisdom: out of His mouth cometh knowledge and understanding."

Records of the departments of police, fire, county public works, county flood control, county civil defense, and Red Cross would help prove your damages.

"HOW CAN YOU estimate the value of your property immediately before and after the floods? Appraisals by a competent engineer or architect, would be important, especially if they were qualified to judge local values."

You should get these appraisals in writing in the form of an affidavit, deposition, estimates, etc. Any records of offers to buy your property either before or after the floods could be of great help to you.

This is your community. Help make it a better place to live in.

## Some Taxes Higher Than \$8 per \$100

Eight tax code areas have current county property tax rates exceeding \$8 per hundred valuation, the Contra Costa County Taxpayers' Association reported today.

They are in Lafayette, Pleasant Hill, Danville and Oakley.

The county rate itself is \$2.03, the tax group pointed out, with various school and special districts accounting for the remainder that is shown on the total county tax bill.

THE HIGHEST RATE, \$9.16, was reported from the Las Lomas area of Danville, where sanitary problems have required an unusually high local sewer district rate of \$2.60. The Cameo Acres area of Danville, with sewer problems requiring a \$1.70 rate, had a total rate of \$8.28.

Pleasant Hill has three areas with high rates. Two of them, at \$8.87 and \$8.78, included the Diablo Vista water district rate of \$1.24. The third, at \$8.80, included the Gregory Gardens water district rate of \$1.33. In Lafayette high fire, school and sanitary taxes, plus a new storm drainage district, contributed to a total rate of \$8.33.

THE TAXPAYERS' Association observed that high taxes are sometimes more than compensated by other savings to the homeowners, such as when an improvement in fire protection reduces insurance rates, or when a water district is established to virtually eliminate monthly water charges.

The report covered only the unincorporated areas, though it noted that combined county and city taxes exceeded an \$8.00 rate in parts of Walnut Creek, Richmond and San Pablo. One cent on the tax rate means about 30 cents on the annual tax bill of the average homeowner.

ENGINE TESTING One new V-8 engine on the market today was tested more than three million miles under all conditions before being put into production.

## Acalanes Concert Member Drive to Begin in April

An annual drive for new members of the Acalanes Community Concert Association will begin April 2.

For new members, there will be a bonus concert by Yi-Kwei Sze, Chinese baritone on April 3. The official board of the association met on Monday evening at the home of Mrs. Charles Morman of Poshard Drive, Pleasant Hill, to discuss plans.

Present at the meeting was Miss Hester Grimm, New York representative of Community Concerts Incorporated, who helped implement plans.

The drive will open on April 2, the day after Easter, and new members will receive the extra gift of a ticket to the concert of Yi-Kwei Sze, the Chinese baritone who recently appeared on the TV production of "The Magic Flute." His concert in this area will be held April 3 at the Acalanes High School Auditorium.

This meeting was also the occasion of the installation of the new officers of the Acalanes Community Concert Association who were recently elected.

They are President Lawrence L. Vance, Lafayette; First Vice-President Mrs. Philip Simmons, Lafayette; Second Vice-President Oscar Busch, Lafayette; Secretary Mrs. Walter Gray, Walnut Creek; Treasurer Henry Greenfield, Concord.

DUAL EXHAUSTS Ever wondered why sometimes only one tail pipe smokes on a car equipped with dual exhausts? The reason is that the exhaust control valve diverts the exhaust gases from one bank of cylinders across the intake manifold and out the other exhaust manifold while the engine is warming up. This heats the intake manifold and provides better carburetion. When the engine has warmed up, the valve opens and the exhaust gases pass out through both tail pipes.

The Senior Choir will assist the congregation with the musical portion of the service and will sing "Daughters of Zion" from the oratorio, "Christus," by Felix Mendelssohn as an offertory anthem.

The Choral Evensong Service will start at 7:30 and will have, in place of a sermon, a concert by St. Stephen's Senior Choir, assisted by an orchestra. Principal work of the evening will be the cantata, "A Stronghold Sure" by Bach. Members of the Young People's Fellowship and the Junior

Choir will assist with the service.

On Wednesday, December 22, men and boys of the congregation will take part in a corporate celebration of Holy Communion, followed by a breakfast at St. Michael and All Angels Episcopal Church in Concord. There will be a celebration of Holy Communion as usual at St. Stephen's Church at 10 a.m.

"The Cross" will be the topic for the Wednesday evening Lenten service conducted by the pastor, assisted by Eugene Vandewater from the Pacific Lutheran Seminary in Berkeley. Friends and neighbors are invited to come and worship with their friends at these weekly Lenten services leading up to Easter.

### Community

Mr. Blossom preaches at two uniform services each Sunday morning, 9:30 and 11 o'clock.

Church School is at 9:30. However, to accommodate parents wishing to attend the 11 o'clock church service, a second series of classes from Nursery through the third grade is offered at 11.

Marvin and Ellen Rogers are the leaders of the Junior Hi Pilgrim Fellowship which meets at 4 o'clock on Sunday afternoons. This week they will hear of the work of the American Friends Service Committee.

**COOLING SYSTEM CARE**  
Although you don't see it, the cooling system of your automobile gradually loses its efficiency as rust and scale form in the water jackets and radiator. It's a good idea to have the system drained and flushed at least once a year. Be sure to add a rust inhibitor when you refill the radiator, as this greatly reduces corrosion.

## Bill, Firemen Get Mud Bath

Bill, a 10 year old horse owned by Dr. E. H. Anderson, 4045 Los Arabis Drive, stepped off a ledge into a soggy pond of adobe mud and sank up to his neck last Saturday.

Firemen from the Lafayette Fire District freed the horse after a four hour struggle.

Dr. Anderson's daughter was riding Bill when the accident occurred. She called for help and firemen came to the rescue. A rope was put about the horse's neck and he was pulled out by a jeep.

Firemen and the horse were no worse for wear and tear excepting a neck high coating of adobe mud, according to spectators.

## Marge Scarich New Secretary Of Civic Affairs

Chairman Bill Thurston of the Orinda Association's Civic Affairs Committee announced yesterday that he has appointed Mrs. C. V. (Marge) Scarich secretary of the committee.

He also announced that the next meeting of the Civic Affairs Committee will be held on Monday at 8 p.m., at the Glorietta School.

Until now the group, which meets regularly the third Monday night of each month, has met only at the Orinda School.

Starting with the Monday night session, meeting-places will be alternated—one meeting at Glorietta School, the next at Orinda School, and so on.

"Civic Affairs delegates felt that such a procedure would be more convenient, since some of them live south of Mt. Diablo Boulevard and others live north of it," Thurston explained.

"By alternating the meeting-places, delegates living in one section or the other get a 'break' as to nearness of the place."

Mrs. Scarich, the group's new secretary, represents the Orinda Mothers Club on the Civic Affairs Committee.

## 'Cinderella' at Party Of Roni Rasmussen

"Cinderella" on strings was the delightful surprise in store for the many friends who helped Miss Roni Rasmussen celebrate her tenth birthday on Sunday, January 22, at the home of her parents, Mr. and Mrs. Lloyd Rasmussen, at 23 Charles Hill Road. The guests, who were presented with an Hawaiian lei on arrival for the festive Luau-Dessert party, watched the magic of a marionette show put on by the popular puppeteer Don Poulton.

Roni's mother, Mrs. Rasmussen, proved herself quite ambidextrous by scooping up some 60 mounds of ice cream in heavenly colors and because it was so luscious, doing 60 scoops all over again for the following young ladies: Nancy Guinther, Connie de Laveaga, Pam Herlihy, Thea Jensen, Terrell Cunningham, Christine Lerch, Laurel Fryer, Judy Wolf, Clarine Dawson, Roxanne Tess, Karen Fitzgerald, Jane Seaman, Kitty Wilburn, Judy Crapo, Patsy Dildine, Milo Anne Hecathon, Maureen Collins, Lorna Wallace, and Bobby Field, young "Aunt" Roni's nephews.

## Discussion Held At Lions Meeting

A round table discussion was held at the February 8 evening meeting of the Orinda Lions at the Willows.

Every Lion got on his feet and had something to say about the meeting that he would like to see. As a result of the discussion a summary was made for future meetings.

President Joe Navone led the discussion. Glen Wright, district governor of the Lions from the Elmhurst Lions Club, will visit the Orinda Lions Club at the next regular meeting.

Money in the Lion wishing well was moved in the Willows and over \$30 was taken out for the Blind Center in Oakland.

Included in future plans for the Lions are entertainment for all Orinda Scout troops, cub scouts and parents of scouts in the Orinda Lions Club.

A report was made that Dr. Eiler, member of the Orinda Lions, is resting comfortably in the Veteran's Administration hospital.

Present will be Miss Evelyn Dean, executive secretary of the Mills Alumnae Association, Mr. and Mrs. Herbert Von Colditz and Mr. and Mrs. James Burris.

## Guest Day Set By Garden Club

The next regular meeting of the Orinda Garden Club will take place at the Orinda Country Club on March 1 and will be a guest day followed by a special luncheon.

According to Mrs. Joseph Conley, president, an interesting program is planned for members and their friends by Mrs. Thomas Barrons, chairman.

The speaker of the day, Mrs. Warren Deverall will set and decorate a dozen tables at the club. She will bring her own equipment and flowers and will discuss the blending of arrangements with style of table settings for occasions of various kinds.

## Home Art Classes To Be Discussed

How do both boys and girls and college preparatory students benefit from Home Arts and Home Mechanics Courses? How do these courses fit into the educational program?

Because of the interest shown in the popular Home Arts and Home Mechanics courses now available at Pine Grove School, Orinda mothers will have the opportunity to better understand the importance of such training when Dr. Dwight W. Nichols will address the general assembly of the Mothers Club on Tuesday, at 1:30, in the Orinda School Auditorium.

Since every Orinda school child will eventually be offered these courses at Pine Grove School, Dr. Nichols, Professor of Industrial Arts at the San Francisco State College, will accompany his address with a color film to show Orinda mothers the benefits and pleasures that can be derived from such courses. ## Home Art Classes To Be Discussed

How do both boys and girls and college preparatory students benefit from Home Arts and Home Mechanics Courses? How do these courses fit into the educational program?

Because of the interest shown in the popular Home Arts and Home Mechanics courses now available at Pine Grove School, Orinda mothers will have the opportunity to better understand the importance of such training when Dr. Dwight W. Nichols will address the general assembly of the Mothers Club on Tuesday, at 1:30, in the Orinda School Auditorium.

Since every Orinda school child will eventually be offered these courses at Pine Grove School, Dr. Nichols, Professor of Industrial Arts at the San Francisco State College, will accompany his address with a color film to show Orinda mothers the benefits and pleasures that can be derived from such courses. The Home Arts Courses at Pine Grove offer multiple units in sewing, cooking, grooming, boy-girl relationships,

# Brotherhood Week Good-Will Vehicle

All men are created equal; they are endowed by their Creator with certain inalienable rights.

As Americans we believe that — however imperfectly we may carry it into practice.

Brotherhood Week next week — February 19 to 26 — is the vehicle designed by the National Conference of Christians and Jews for the advancement of justice, democratic principles, understanding and good-will among all peoples.

In Central Contra Costa County, as elsewhere throughout the nation, Brotherhood Week will be observed.

It is wise that a week be set aside for the eradication of prejudice in our thinking, for the betterment of social justice and for the promotion of harmony.

It should not be a week of mere superficial attention to nice gestures toward brotherhood. It should be a week of renewed devotion to the great underlying principles which make brotherhood attainable.

Patience with one another, love of neighbor as of self can cement the people of America into a spiritual force with an effort beyond our power to appraise. In the very nature of things such a force can not be confined to the borders of America.

Brotherhood Week carries the wholehearted endorsement of leaders of every faith, of business figures, labor chiefs, educators, government officials, men and women in every line of endeavor.

Brotherhood Week gives the impetus for intensive interest in human values that should carry through all the weeks of the year. Emphasizing its theme helps to bring to reality the highest type of idealism.

Brotherhood is the common bond among children as they play together unaware of any chasm between them. It is the link that makes buddies of soldiers who fight together. Brotherhood impelled the chaplains of three different faiths to give up their lives at sea for the men they served.

Let us therefore practice this brotherhood in our everyday contacts, as we transact our business and as we kneel in our sanctuaries.

Let us export it in such quantities as people beyond our borders will accept.

## What They Say Enough To Do Here?

Entertainment and relaxation are integral parts of community life in any area. Movies, stage plays, concerts and lectures not only broaden one's outlook on the world, but also help to bring people of the area together socially.

To determine whether or not there are enough events of that type here, The Sun's roving reporter asked "Do you feel that there are enough entertainment and cultural events right in this area to meet your desires or do you go into Berkeley, Oakland and San Francisco for such pleasures?"

Mrs. Elmer J. Hatton, 3658 Chestnut, Lafayette, said, "I attend Eastern Star in Walnut Creek and I never have been much of a movie goer. I do go to plays in San Francisco but I think there should be a local program for younger people to develop their interest in cultural events."

MRS. R. M. HAYS, 11 Ranch Road, Orinda, stated, "I haven't paid too much attention to the matter around here. We attend the show in Orinda quite often but we haven't lived in this area too long."

George G. Jonas, 3687 Happy Valley Road, Lafayette, said, "We use this area for about 70 per cent of our entertainment but that isn't what we like—we would like to raise the other 30 per cent that we go out of the locale for our entertainment."

Mildred C. Small, 125 Cannon Drive, Orinda, stated, "We don't use this area very much. We have a home in town and are only out here during the weekends."

## Song Concert Set for Sunday At St. Stephens

St. Stephen's Episcopal Church, Via Las Cruces, Orinda, will present a "Choral Evensong and Concert" Sunday evening at 7:30. Instrumental and choral works will be presented under the direction of Donald Aird of Walnut Creek who is choir director of St. Stephens.

The principal musical event of the evening will be the "Contata" "A Stronghold Sure" by Bach, and there will be other instrumental and choral selections which include "Intrada" by Hassler, "Sonata for Organ and Strings" by Mozart, "Alleluia" by Randall Thompson and "Ave Verum" by Mozart, and "My Shepherd Will Supply My Need," a paraphrase of the 23rd Psalm by Virgil Thompson.

Soloists will be Jane Deubner, Orinda; Carol Brooke Aird, Walnut Creek; Ida Tobias, Walnut Creek; Stanley Stidham, Orinda, and Robert Whitenack. They will be assisted by the St. Stephen's Senior Choir, who are all residents of Orinda, Lafayette and Walnut Creek.

Members of the Young People's Fellowship will serve as acolytes, ushers and lay readers and the St. Stephen's Junior Choir will assist with singing the choral service.

## \$28,340 is Goal for Red Cross Fund Drive in March

Red Cross fund drive begins in recent weeks. In addition there are the services in operation through the year which are operated on the budget. They include gray ladies, water safety, motor service, supply and production, entertainment, Junior Red Cross, first aid, canteen and nursing service.

Quota for Mt. Diablo Chapter is \$28,340. Robert I. Schroder, Walnut Creek insurance man, is fund drive chairman. Community chairmen are now being appointed and workers organized.

SCHRODER recently said he was impressed with the Red Cross situation as told in Palo Alto last week by E. Roland Harriman, chairman of the board of directors of the National Red Cross.

"Twenty-seven million dollars have been spent by the Red Cross in flood disaster relief during the fall and winter of 1955, on the West Coast and in New England. Only \$1,000,000 now remains in the national fund for disaster—and spring disasters in various parts of the country are not only possible but probable."

"Never before has the Red Cross, which is the official disaster organization of our country and so decreed by Congress, been so vitally in need of the warm-hearted and prompt response of our people as it does during this coming drive," Schroder said.

"When the workers call at your home and businesses, give and give as generously as possible. Only 15 per cent of your Red Cross dollar goes toward organizational expenses. Eighty-five per cent goes back to the public. And the ratio of unpaid volunteer workers to the paid worker is 100 to 1."

MT. DIABLO is not a part of the United Crusade. Its charter stipulates that it cannot be a part of any fund drive other than its own.

Within Mt. Diablo Chapter, approximately \$25,000 was disbursed for flood relief and rehabilitation

## Letters to The Editor

Dear Editor:

I have written to the Orinda Association and to the newly founded Fact Finders Committee with the observation that I believe the aims of both groups are not so far apart as it may seem nor that either group need work in OPPOSITION to the other.

I believe that, with so many thoughtful people truly interested in the future of Orinda, it is absolutely essential that we all get together now, put our feet under one table—even if it takes all our doors—and decide how we can most quickly find a plan which will surely benefit most of the people who have made their homes here because this is where they want to live.

I suppose that some dissension and conflict of opinions are necessary, and maybe even healthy, at times but I do not like to see them continue so long that friendships of many years become strained to the breaking point and understanding becomes more and more difficult.

When I help in taking the poll for the Orinda Association—and I do not know if it will be the complete answer or not—I hope to ask those I contact for their earnest prayers that, through the results of his poll, or some way, his community really works together and turns this PROBLEM before us into the OPPORTUNITY it is for building the BEST possible place in which to live and work.

MRS. E. C. DREWS

## Snoopy asks about fluoridation

Snoopy, the office cat, settled down on the work table and purred, "Hey, boss, you haven't done much yakking about fluoridation for a long time. Was that just a passing fancy or are you scared to keep needing East Bay Mud?"

No, Snoopy, you are wrong on both counts. Fluoridation is anything but a passing fancy. I firmly believe in it and will continue to campaign for it. But East Bay Municipal Utility District has the situation so tied up, that at times it seems almost hopeless to campaign for it.

"You mean, you are giving up?" Snoopy asked.

No, Snoopy old boy, I am not going to give up. But E.B.M.U.D. has put so many obstacles in the way, I'm not sure what can be done. Attending the Toastmasters' meeting the other night, I heard a state public health official say that fluoridated water must be provided in this area and we should all work on the EBMUD board of directors to do so — even to electing new directors, if necessary.

"My, boss man, but that's rather straight talk. What has the District done to mess up the works?" Snoopy questioned.

## Simple problem made difficult

Well, it's a long story, but I'll be brief. EBMUD directors could tomorrow authorize the fluoridation of our water supply. It is as simple as all that. Other public bodies, including water districts, have done so. No elections, no legislative acts, no court decisions are needed.

If, however, the directors wish to consult the electorate, they could call an election. The election would not be binding, it would be advisory. If the vote were yes, the directors could then buy some inexpensive machinery, some fluorides — and the teeth of our children would then have the tremendous benefits now denied them. If the election failed, that would be that.

But the five directors of E.B.M.U.D. do not see it this way. They have placed every obstacle in the way of a simple solution. Their attorney and the state legislative council say that the District cannot institute fluoridation until the Municipal Utility District Act and the State Health and Safety Code are properly amended to clarify questions regarding authority, responsibility and legal liability of fluoridation.

## But, look at this:

And, yet, the Attorney General of the State of California in a later opinion emphatically declared that the District does not need any legislation or authorization of any kind to fluoridate.

Well, E.B.M.U.D. is in the driver's seat. Regardless of this opinion, the board was adamant. It demands specific legislation before taking any action. So, in the last session of the Legislature our Assemblyman Don Doyle carried the ball, but the bill was hit by several damaging amendments. Finally, fluoridation proponents, including this writer, advised Don to kill the bill because it would do more harm than good. And that was done.

So, where are we?

We're back where we started. E.B.M.U.D. directors, I presume, are standing pat, demanding legislation, unwilling to lift a finger toward giving our children the protection they so badly need. The regular session of the Legislature is some time off. Question to Don Doyle: Will you again sponsor and actively fight for the legislation E.B.M.U.D. wants?

## A job for each of us

Meanwhile, what can we do? On each water bill to E.B.M.U.D. (or California Water Service, for that matter) you pay, write a note in favor of fluoridation. Talk about it. Later, perhaps, we can work together on a phone and mail campaign.

Well, Snoopy, that's the story. Hey, what are you looking so smug about?

"Boss, I'm going to change the subject for just a minute," Snoopy purred. "Look at this. A cat, named Stoopie A. Kat, has sent me a Valentine. I'm famous."

Not famous, infamous, Snoopy. But, folks, it's true, someone sent Snoopy a Valentine, and we thank him very much.

## Assemblyman Talks About Opening Recreation Areas

S. C. Masterson, State Assembly member from the Eleventh District recently replied in an open letter to the Contra Costa County Taxpayer's Association, concerning the need for recreational areas, and suggestions made.

He said in part:

In your January issue of "Spotlight" you discussed the question of recreational areas for Western Contra Costa and gave three alternatives which had been suggested by the Contra Costa Park and Recreation Council.

ALL OF the alternatives require large outlays of tax funds for site acquisition. Fortunately, such a capital investment is unnecessary.

In the first place East Bay Municipal Utility District which owns the sites is a public body and its assets already belong to the taxpayers of the District. There is no reason to buy again what we already own.

At the 1955 session of the Legislature I introduced AB 2257 which provided the procedure by which the citizens of a district could secure the opening of such areas as those owned by EBMUD to recreational uses under proper supervision of the State Department of Public Health.

This bill was amended into AB 3678 and was passed by the Legislature. Due chiefly to the efforts of EBMUD which carried on an extensive lobbying campaign against the bill it was not signed by the Governor.

In their campaign against the bill EBMUD issued the following statement:

"Our only motive in opposing passage of the Masterson and Desmond bills . . . is to safeguard the health."

THEIR MENDACITY is now disclosed, however, for EBMUD is now negotiating to sell to the County of Contra Costa a site for recreational purposes a portion of the very lands which could have been opened to the public without cost to the taxpayers under the provisions of AB 2257.

Under AB 2257 recreational uses of watershed areas can be permitted only if the State Department of Public Health finds that such use "will not endanger the purity of such water supply." Use of reservoirs and adjacent areas for recreational purposes is not something new and untried. San Diego has had such a program in successful operation for more than 40 years.

Some 18 or 19 other communities in California provide for such uses as do 25 other States in the Union, and, of course, the Sacramento River from which several Contra Costa communities secure their water is used for multiple purposes, including recreation.

Opening such areas will bring many additional park and recreational facilities into use within close proximity to our large metropolitan areas where such facilities are so sorely needed.

Accompanying Mr. Leighton's are two by his wife signed "Margery Lester." They are "The Prize-fighter" and "The Scotsman," the latter being of remarkable structural technique.

There is a fine Gilbert Stuart of "Ebenezer Thayer" and a painting said to be of Martha Washington by Gilbert Stuart. The complexion is the very opposite of florid or sanguine but yet very life-like and in no way artificial.

The expression is full of gentle dignity and keen intelligence; the dress and fine lace-work are well Shoo Time Shopping and Fiesta Fashions.

scored nary a field goal.

In fact the Dons held onto the  
lead 16-14 at the half and 22-21 at  
the end of the third quarter only  
to go down in the closing minutes  
of the game when the Knights  
outscored them 10-7.

Top scorer for the game was  
Don Guard Morgan Jellett with  
8 while the Knight Center  
Terry Yeager and Guard Bob Mc-  
Dougall hit for 7 apiece.

## Two Don Mermen Cop Many Wins At Athens Meet

A pair of Acalanes Don swim-  
mers did their stuff under the  
banner of the Berkeley City Club  
in the finals of the third annual  
Metropolitan Oakland Area  
Championships last Sunday at the  
Athens Athletic Club, and in so  
doing made the sports headlines,  
as they copied more than their  
share of wins.

The pair, who brought home a  
trunkful of trophies for their ef-  
forts, were George Harrison and  
Corky Kiesel.

**HARRISON**, American Medley  
champion, won the trophy as the  
outstanding long swimmer, which  
saw him cop four firsts and set-  
ting a new mark in each event.

Harrison took the 200-yard free  
style (15-16) in 2:01.0, the sen-  
ior men's open 100-yard but-  
terfly in 59.2, the 100-yard back-  
stroke (15-16) in 1:03.5 and the  
200-yard breaststroke (15-16) in  
2:38.1.

**CORKY KIESEL** took the 200-  
yard breaststroke (13-14) with a  
new meet mark of 2:40.9 and the  
new meet free style (13-14) with  
a new mark of 55.7.

In the 100-yard backstroke (13-  
14), Kiesel took second.

The two will form the nucleus  
of the Don swimming team,  
which on paper looks to have a  
good chance to take top honors  
all the way to the North Coast  
Meet, which comes in mid-May.

**Free Throws Cost**  
**Dons Casaba Tilt**

It was a big night for the Las  
Lomas Knights last Friday when  
they rallied the Acalanes Dons in  
a pair of league games.

Both games were on the sur-  
prise side as the Don Bees were  
figured as 3-1 underdogs came  
up with their best game of the  
season before going down 31-29  
which in the varsity game it was  
definitely an upset as the Don  
quiet took the count in a thrill-  
er, 70-62 that was far closer than  
the final score indicated.

The varsity game played in the  
Las Lomas gym found the Dons  
getting into hot water in the open-  
ing quarter when the Knights  
fought their way to an 18-11 first  
quarter lead and as things turned  
out were never to be headed with  
the Dons closing the gap to one  
point midway in the fourth quar-  
ter but that's as close as they got.

The half time count found the  
Knights leading 35-23. Don Coach  
Jean Ridley must have had his  
say at half time as the Acalanes  
quarter lead and as things turned  
out were never to be headed with  
the Dons closing the gap to one  
point midway in the fourth quar-  
ter but that's as close as they got.

# Knight Cagers Meet Rams Tonight

## Knights Cool Off, Deprived Twinbill By Diablo Devils

The Las Lomas Knights were  
better than the Fourth of July  
when they played Acalanes last  
Friday night but last Tuesday  
afternoon it was a different story  
when they cooled off and as a  
result dropped a doubleheader to  
the Diablo Devils.

The games, played in the Las  
Lomas gym, found the Bees in  
a toughie and while the Devils  
took most of the way the Knights  
tied it up at 41 all with but a  
minute on the clock.

Two fast Devil field goals  
changed the picture quickly how-  
ever and the Knights went down  
45-41.

In the varsity game the Devil  
found the going easier than ex-  
pected as Las Lomas was down  
in all departments.

Aided by the sterling all around  
play of Jerry Walsh, who just re-  
turned after having been out with  
a bad ankle, the Devils took a  
commanding 29-17 halftime lead  
and went on to tie it all up in the  
third quarter when they tallied 18  
points to the Knights 9. In the  
final quarter both coaches sub-  
stituted freely and it wound up  
with Diablo notching the win by  
a comfortable 64-41 margin.

Forward Dick Bergdale did cop  
high point honors when he hit for  
12 points on 3 field goals and two  
charity tosses.

Jerry Walsh paced Diablo with  
11 points on 5 field goals and one  
free throw.

**Ram Varsity Hit**  
**44-30 by Antioch**

**Babes Drop 40-31**

The Pleasant Hill Rams had a  
long ride back from Antioch High  
last Tuesday afternoon after drop-  
ping a pair of games to the An-  
tioch Panthers.

In the Bee game the Rams  
made it nip and tuck for a half  
with Antioch leading 21-20 at the  
midpoint.

Antioch's little men got hot in  
the third quarter as they racked  
up seven points in a row to take  
a 28-20 lead and from there on  
in the issue was never in doubt  
as the Antioch crew carved out  
a 40-31 win.

In the varsity game the Rams  
started out as cold as a deep  
freeze scoring nary a field goal  
in the opening quarter and count-  
ing on only two charity tosses to  
trail 13-2.

Things picked up for the Rams  
when they outscored the home  
club 15-12 in the second quarter  
to trail 17-25 at the half.

In the second half as in the first  
the Rams shot at the hoop nearly  
twice as often as Antioch but fell  
down when they bagged but 8 field  
goals on 44 tries while Antioch  
shot but 25 times and hit on 12  
tries and then extended the point  
spread when they outdid the Rams  
from the free throw line to win  
44-30.

Forward Ray Johansen of the  
Rams took high scoring honors  
with 4 field goals and 7 free  
throws while center Vistalli of  
Antioch bagged himself 14 points  
on a lone field goal and 12 free  
throw points.

Bob Ritchie who had been top  
scorer for the Rams on several  
occasions was benched in the sec-  
ond half due to a wrenched back  
which was first hurt in the Diablo  
game last week.
